Sound Icon Story

Learning Intention:

To record a 2 bar melodic rhythm based on a character (name or phrase said) from the story to create a sound icon.

Success Criteria:

I can assign a melodic rhythm to a word or phrase.

I can play a melody in time.

I can add or record a drum sequence.

I can record multiple tracks.

I can insert Apple loops that fit well with the melodic rhythm.

I can export my recording to Book Creator.

I can create a sound story in Book Creator, inserting, text and images.

Instrument Families

Learning Intention:

To learn about the instruments in each family and present sound examples for each.

Success Criteria:

I can identify each instrument family.

I can record a sound sample for each using the instruments and sound sets available in GarageBand.

I can export my recording to Book Creator.

Songs to Books

Learning Intention:

To record our own version of a popular children's song, e.g. The wheels on the Bus, presenting it as a sound picture book.

Success Criteria:

- I can rewrite the lyrics to a song.
- I can visualise and draw a picture to represent the lyrics as an image.
- I can assign an appropriate instrument to play a sound effect.
- I can record my group singing and playing the beat and rhythm.

Guess the Sound

Learning Intention:

To create a book for peers to listen to the recorded sound and guess which instrument it is.

Success Criteria:

I can record a sound.

I can take a photo.

I can add a text box, changing the design elements.

I can format a book.

Extension Task:

I can write description clues to help identify the instrument.

Research Assignment/Artist Study

Learning Intention:

To research an artist/topic and present it using Book Creator, inserting text, images, audio and video.

Success Criteria:

- I can research and present facts and opinions via text, image, audio and video.
- I can insert audio from Apple Music.
- I can add a text box, changing the design elements.
- I can format a book.
- I can add a video description/reflection

Digital Portfolios

Learning Intention:

To show learning activities in the classroom in a digital format and capture learning that occurs off the page.

Success Criteria:

I can drag and drop images in response to an audio listening activity.

To create rhythm/melodic patterns via placement of images.

I can audio or video record learning activities/performances that can not be presented on a piece of paper.
